This Welschriesling Trockenbeerenauslese convinces with aromas of orange zest and citrus, as well as fully ripe stone fruit like peach and apricot.

Fresh grassy notes with green paprika in combination with the juicy Styrian acidity give the TBA an unforgettable and unmistakable taste of forest honey, caramel and pipe tobacco, which does credit to the name “Gross”. Congratulations! (Florian Jeitler, certified sommelier, Tannenhof St. Anton am Arlberg)

grape variety

The variety is very late maturing and therefore needs warm, well aerated sites. The grapes are medium sized, cylindrical and have a small grape cluster.

ground / cultivation area

lime-free clay, silt and sand soils; primary rock soils
